

# Korea-Japan Workshop on Algebra and Combinatorics<sup>1</sup>

## First Announcement

The 12th Korea-Japan Workshop on Algebra and Combinatorics will take place at KAIST, Daejeon, from 23–25, January 2014. The workshop is held once a year, alternately in Japan and in Korea. It is intended to provide researchers of both countries, especially young researchers including graduate students, with opportunities to exchange rather informal information of ongoing studies in the area.

For more information please contact one of the organizers. For registration and further information, please go to the link below.
